do not fall under the

DELEGATED DIRECTIVE (EU) No. 2018/1922 OF THE COMMISSION dated 10. October 2018 in amendment of the Directive (EC) No. 428/2009 of the Council for a common regulation for control of the export, shipment, procurement and transit of goods with a dual purpose of use.

The criteria listed in Annex I of this directive are not fulfilled by these gear units.

Exclusion is due to the following characteristics of the devices:

- | | |
|-------------------|---|
| Category 2, 2A001 | a) Getriebebau Nord does not use ball bearings and roller bearings made from monel metal or beryllium. |
| Category 2, 2A101 | Use of ball bearings for radial loads with a tolerance class greater than Tolerance Class 2. |
| Category 1, 1C116 | b) Getriebebau Nord does not use tubular forms with an inner diameter equal to or greater than 270 mm. |
| Category 1, 1C216 | Getriebebau Nord does not use maraging steel with an ultimate tensile strength of 1950 MPa or more at 20°C. |
